Centres are responsible for ensuring that this qualification is appropriate for the age and ability of learners. They need to make sure that learners can fulfil the requirements of the assessment criteria and comply with the relevant literacy, numeracy and health and safety aspects of this qualification.

Learners registered on this qualification shouldn't undertake another qualification at the same level with the same or a similar title, as duplication of learning may affect funding eligibility.

Qualification dates

Regulated qualifications have operational end dates and certification end dates.

We review qualifications regularly, working with sector representatives, vocational experts and stakeholders to make any changes necessary to meet sector needs and to reflect recent developments.

If a decision is made to withdraw a qualification, we will set an operational end date and provide reasonable notice to our centres. We will also take all reasonable steps to protect the interest of learners.

An operational end date will only show on the Ofqual Register of Regulated Qualifications register.ofqual.gov.uk and on our website if a decision has been made to withdraw a qualification. After this date we can no longer accept learner registrations. However, certification is allowed until the certification end date so that learners have time to complete any programmes of study. The certification end date will only show on the Ofqual Register once an operational end date has been set. After this date we can no longer process certification claims.

Section 3

Assessment and Moderation

Assessment and Moderation

How the qualification is assessed

Assessment is the process of measuring a learner's skill, knowledge and understanding against the standards set in a qualification.

The NCFE Level 2 Certificate in Principles of Customer Service is internally assessed and externally moderated.

Internal assessment

Each learner must create a portfolio of evidence which demonstrates achievement of all the learning outcomes and assessment criteria. On completion of each unit learners must declare that the work produced is their own. The Assessor must countersign this. Examples of suitable evidence for the portfolio for each unit are provided in Section 2 (page 15).

The main pieces of evidence for the portfolio could include (in no particular order):

- learner's proof of work
- Assessor observation – completed observational checklists and related action plans
- witness testimony
- worksheets
- assignments/projects/reports
- record of professional discussion
- record of oral and written questioning
- learner and peer reports
- Recognition of Prior Learning (RPL).

You'll also find a variety of assessment and moderation pro-formas here:

www.ncfe.org.uk/centre-information/assessment-and-moderation-pro-formas.

Assessment guidance is provided for each unit. Assessors can use other methods of assessment as long as they're valid and reliable and maintain the integrity of the assessment and of the standards required of this qualification. Acceptable methods of assessment could be drawn from the list above.

Assessors must be satisfied that learners have achieved all learning outcomes and assessment criteria related to the unit being assessed, prior to deciding if learners have been successful. Assessors are also responsible for supporting learners through the assessment process.

For approval of methods of internal assessment other than portfolio building, please contact the Quality Assurance team on 0191 239 8000.

Presenting evidence

Written

Written evidence may be presented in word-processed or handwritten form. Audio-visual content (videos, pictures, drawings, audio) may also be used.

Tables, graphs and spreadsheets may be produced using appropriate ICT.

Any copied material must be suitably acknowledged, and quotations must be clearly marked and a reference provided wherever possible to ensure that learner work can be authenticated.

Recorded

Where audio-visual evidence of multiple learners is used, centres must ensure that each learner being assessed is clearly visible and can be identified by the Moderator.

The recorded evidence should allow the learner to demonstrate the learning outcomes clearly, but should only show work relevant to what is being assessed. For example, if a performance/participation is done as part of a group, the Moderator will need to be able to see how each learner being assessed has contributed and met the learning outcomes.

To help our Moderators to identify clearly when a particular learner is performing/participating we'd recommend including the following information:

- the exact start and finish times so that the Moderator can go straight to that spot on the tape/recording
- a running order list and a description of each learner
- information about where the performance/recorded evidence took place
- what type of audience they were performing to (if applicable).

Centres must also ensure that the camera and microphone are set up in a suitable place to ensure good quality audio. This will allow the Moderator to hear both the learner(s) and the Assessor (if applicable).

If learners are not clearly identified, NCFE may not be able to moderate or examine the work.

Moderation

Moderation is the process by which we confirm that assessment decisions in centres are:

- made by competent and qualified Assessors
- the product of sound and fair assessment practice
- recorded accurately and appropriately.

We do this through:

- internal moderation – which you carry out
 - external moderation – which we carry out through our External Moderators who, by supporting you, will make sure that assessments meet nationally agreed standards and that your quality assurance systems continue to meet our centre approval criteria.

General information

Equal opportunities

NCFE fully supports the principle of equal opportunities and opposes all unlawful or unfair discrimination on the grounds of ability, age, colour, culture, disability, domestic circumstances, employment status, gender, marital status, nationality, political orientation, racial origin, religious beliefs, sexual orientation and social background. NCFE aims to ensure that equality of opportunity is promoted and that unlawful or unfair discrimination, whether direct or indirect, is eliminated both in its own employment practices and in access to its qualifications. A copy of NCFE's Equal Opportunities Policy is available on request.

Diversity, access and inclusion

Our qualifications and associated assessments are designed to be accessible, inclusive and non-discriminatory. NCFE regularly evaluates and monitors the 6 diversity strands (gender, age, race, disability, religion, sexual orientation) throughout the development process as well as throughout the delivery, external moderation and external assessment processes of live qualifications. This ensures that positive attitudes and good relations are promoted, discriminatory language is not used and our assessment procedures are fully inclusive.

Learners who require reasonable adjustments or special consideration should discuss their requirements with their Tutor who should refer to our Reasonable Adjustments and Special Considerations policy for guidance.

For more information on the Reasonable Adjustments and Special Considerations policy please see our dedicated qualifications website www.qualhub.co.uk.

Feedback

Here at NCFE, we're continually looking to review and improve our portfolio of qualifications to make sure they are of a high standard and meeting the needs of both learners and employers.

In order to achieve this and to comply with the requirements of our regulator, Ofqual, we rely on the valuable feedback that you – our centres – provide us with.

For each NCFE qualification you deliver, we would be grateful if you could let us know the following:

- general feedback about the qualification and assessment
- whether the qualification is meeting its intended purpose
- the outcome for the learner – whether they have progressed to further education or into/within employment.

You can provide us with this information by emailing qualificationfeedback@ncfe.org.uk, giving us a call on 0191 239 8000, responding to the next survey we send you, or completing this form www.ncfe.org.uk/qualifications/qualification-feedback/ - the link to this is on the right hand side of our main 'Qualifications' page. By doing this, you're playing an important role in helping us continue to develop and enhance our qualifications for the benefit of your learners.
